Sourcing and Procurement in SAP S/4HANA - Academy Part II (1/2)

PARTICIPANT HANDBOOK
INSTRUCTOR-LED TRAINING

Course Version: 14

Course Duration: 5 Day(s)

Material Number: 50152385

Contents

ix Course Overview

1 Unit 1: Introduction to Inventory Management

3	Lesson: Defining Inventory Management and Physical Inventory
9	Lesson: Moving Goods with the MIGO Transaction
19	Exercise 1: Maintain Default Values in Transaction for Goods Movement
23	Exercise 2: Hold and Post a GR

35 Unit 2: Goods Receipts (GRs)

37	Lesson: Posting a Goods Receipt Without Reference
43	Exercise 3: Post a Goods Receipt Without Reference
47	Exercise 4: Post a Free-of-Charge Delivery
51	Lesson: Posting a Goods Receipt with Reference
61	Exercise 5: Post a Goods Receipt with Reference to a PO into Stock in Quality Inspection
65	Exercise 6: Post a GR with Reference to a PO in GR Blocked Stock
71	Exercise 7: Post a GR with Reference to a Production Order
74	Lesson: Posting a GR with Automatic Generation of a PO
77	Exercise 8: Post a Goods Receipt with the Automatic Generation of a Purchase Order
82	Lesson: Posting Cancellations, Return Deliveries, and Returns
89	Exercise 9: Post a Cancellation with Reference to a Material Document
95	Exercise 10: Post a Return Delivery to a Supplier
101	Exercise 11: Post a Goods Issue for Returns Purchase Order
105	Lesson: Applying Order Price Unit in Inventory Management
109	Exercise 12: Enter the GR for PO item for Which the PO Price Unit Differs from the Order Unit
113	Lesson: Applying Tolerances and the Delivery Completed Indicator
121	Exercise 13: Test the Automatic and Manual Settings of the Delivery Completed Indicator
131	Lesson: Setting Up Date Checks to Goods Receipt for Purchase Order
135	Exercise 14: Enter a GR for a Material with the Minimum Shelf Life Expiration Date

153 Unit 3: Stock Transfers and Transfer Postings

154	Lesson: Performing Transfer Postings
161	Exercise 15: Enter a Material-to-Material Transfer Posting
165	Exercise 16: Enter a Stock-to-Stock Transfer Posting
169	Lesson: Performing Stock Transfers Between Storage Locations
173	Exercise 17: Post a Stock Transfer Between Storage Locations in Two Steps
178	Lesson: Performing Stock Transfers Between Plants
187	Exercise 18: Post Stock Transfers Between Plants

199 Unit 4: Reservations

200	Lesson: Creating Manual Reservations
205	Exercise 19: Create Reservations Manually
213	Exercise 20: Enter a Stock Transfer with Reference to Reservations
217	Lesson: Evaluating Reservations
225	Exercise 21: Manage Reservations

237 Unit 5: Goods Issues (GIs)

238	Lesson: Posting Unplanned GIs
245	Exercise 22: Post Unplanned GIs
250	Lesson: Posting a GI with Reference
253	Exercise 23: Post Goods Issues with References
256	Lesson: Configuring Stock Determination
263	Exercise 24: Define and Test New Stock Determination Strategies

273 Unit 6: Special Procurement Processes

274	Lesson: Performing the Process of Subcontracting
279	Exercise 25: Create SC Purchase Order and Provide Components to Subcontractor
289	Exercise 26: Post a GR and a Subsequent Adjustment to a Subcontract PO
293	Lesson: Performing Vendor Consignment
301	Exercise 27: Perform the PO Process for Vendor Consignment
307	Exercise 28: Post a Transfer Posting for Consignment Stock
311	Exercise 29: Post a GI from Consignment Stock and Settle the Liabilities

321 Unit 7: Physical Inventory

322	Lesson: Conducting Physical Inventory
335	Exercise 30: Conduct a Physical Inventory with Recount
339	Exercise 31: Conduct a Physical Inventory with Posting Block
347	Lesson: Simplifying Physical Inventory
355	Exercise 32: Create and Post Physical Inventory Documents in Simplified Way

369 Unit 8: Analyses

370	Lesson: Applying Stock Lists and Document Lists
377	Exercise 33: Use Analytical Transactions
381	Lesson: Applying Periodic Processing
386	Lesson: Using Analytical Apps for Inventory Management
393	Exercise 34: Use Analytical Apps for Inventory Management

405 Unit 9: Further Customizing for Inventory Management

407	Lesson: Implementing Settings for Documents
411	Lesson: Setting Up Movement Types
415	Exercise 35: Create a New Movement Type
420	Lesson: Applying Other Customizing Settings
425	Exercise 36: Check the Customizing Settings for Transaction MIGO

433 Unit 10: Customizing for Supplier Master Data

434	Lesson: Defining Settings for Business Partners
447	Exercise 37: Define Settings for Business Partners

ix Course Overview

1 Unit 1: Invoice Entry

3	Lesson: Working with Logistics Invoice Verification
15	Exercise 1: Post an Invoice
25	Lesson: Using Different Types of Invoice Verification
29	Exercise 2: Use Different Types of Invoice Verification
38	Lesson: Parking of Documents
49	Exercise 3: Park an Invoice
55	Lesson: Explaining the Attributes of Prepayment
60	Lesson: Applying Taxes
65	Exercise 4: Enter Taxes
75	Lesson: Applying Cash Discounts
83	Exercise 5: Enter Cash Discount Information
90	Lesson: Entering Invoices in Foreign Currencies
93	Exercise 6: Post an Invoice in Foreign Currency
99	Lesson: Creating Invoices for Purchase Orders with Account Assignment
107	Exercise 7: Enter an Invoice for a Purchase Order with Account Assignment

123 Unit 2: Variances and Invoice Block

124	Lesson: Entering Invoices with Variances
133	Exercise 8: Enter Invoices with Variances
147	Lesson: Use Further Blocking Reasons
153	Exercise 9: Answer some questions about further blocking reasons
157	Lesson: Reducing Invoices
165	Exercise 10: Reduce an Invoice
173	Lesson: Handling of Variances Without Reference to an Item
179	Exercise 11: Post Invoice with Automatic Invoice Reduction
188	Lesson: Releasing Blocked Invoices
195	Exercise 12: Release Blocked Invoices

211 Unit 3: Subsequent Debit/Credit, Delivery Costs, and Credit Memos

213	Lesson: Entering Subsequent Debits/Credits
215	Exercise 13: Enter a Subsequent Debit
221	Lesson: Entering Delivery Costs
225	Exercise 14: Enter Planned Delivery Costs
233	Lesson: Entering Unplanned Delivery Costs
237	Exercise 15: Enter Unplanned Delivery Costs
247	Lesson: Entering Invoices Without Reference to a Purchase Order
251	Exercise 16: Enter Invoice Items Without Reference to a Purchase Order
262	Lesson: Handling Credit Memos and Reversals
265	Exercise 17: Enter a Credit Memo
277	Exercise 18: Cancel an Invoice

289 Unit 4: Evaluated Receipt Settlement (ERS)

290	Lesson: Performing Evaluated Receipt Settlement
297	Exercise 19: Create Invoices Automatically from Goods Receipt Data

305 Unit 5: GR/IR Account Maintenance

306	Lesson: Performing GR/IR Account Maintenance
309	Exercise 20: Use GR/IR Account Maintenance Functions

317 Unit 6: Customizing for Material Master Data

319	Lesson: Setting Up Material Master Records
324	Lesson: Creating Material Types
335	Exercise 21: Create Material Types
345	Lesson: Setting Up Field Selection for Material Master Records
352	Lesson: Defining Field References for Material Master Records
359	Exercise 22: Create a New Plant
363	Exercise 23: Adjust Settings for Field Selection

385 Unit 7: Valuation and Account Assignment

387	Lesson: Describing Automatic Account Determination
397	Exercise 24: Describe Settings for Automatic Account Determination
401	Lesson: Determining the Relevance of Company Codes and Valuation Areas
409	Exercise 25: Group Valuation Areas
417	Lesson: Creating Valuation Classes and Account Category References
423	Exercise 26: Create Valuation Classes and Account Category References
431	Lesson: Setting Up Account Determination for Specific Transactions
445	Exercise 27: Set Up Account Determination for Specific Transactions
457	Lesson: Subdividing a Transaction with the Account Grouping Code
463	Exercise 28: Subdivide a Transaction in Account Determination with the Account Grouping Code
473	Lesson: Adjusting Account Determination for Special Cases
483	Exercise 29: Adjust Account Determination for Special Cases

505 Unit 8: Special Features of Material Valuation

506	Lesson: Posting Goods Movements for Material Types UNBW and NLAG
509	Exercise 30: Create a PO and Enter Goods Movements for Nonvaluated Material
516	Lesson: Configuring Split Valuation
521	Exercise 31: Post Goods Movements for a Split-Valuated Material and Verify the Results

533 Unit 9: Case Study

535	Lesson: Processing the Case Study – Procedure
537	Lesson: Reviewing Company Structure and Master Data
541	Lesson: Business Process 1 - Purchasing of Brochures
543	Lesson: Business Process 2 - Procurement of Production Components Using a Value Contract
545	Lesson: Business Process 3 - Procurement of Office Supplies
